ABOUT US

Jeans Care Egypt is a state-of-the-art denim manufacturing washing facility, established in 2016. Our operation combines advanced technology with skilled craftsmanship to deliver premium denim products to clients worldwide

Our production floor houses over 300 advanced sewing machines, supported by a fully equipped washing facility featuring 27 industrial washing machines, 2 VAV laser systems, 16 dryers, 6 hydro-extractors, 8 sampling machines, 15 spraying mannequins, and two 5-ton steam boilers

We specialize in both custom-made and ready-to-wear denim apparel, ensuring each piece meets the highest standards of quality, durability, and style

From concept to final stitch, every garment is crafted with precision to exceed the expectations of global markets
